How Your Vision Care Program Works

Eligible members and dependents are entitled to receive a vision examination and one pair of lenses and a frame or contact lenses and contact lens evaluation/fitting once every 12 months from last date of service.

For your convenience, at the start of the program, you will receive two identification cards with participating providers in your zip code area listed on the back. At the time of your appointment, simply present your NVA identification card to the provider or indicate that your benefit is administered by NVA. The provider will contact NVA to verify eligibility. A vision claim form is not required at an NVA participating provider.

Be sure to inform the provider of your medical history and any prescription or over-the-counter (OTC) medications you may be taking.

To verify your benefit eligibility prior to calling or visiting your eye care professional, please visit our website at www.e-nva.com or download our mobile app by searching NVA Vision, or contact NVA's Customer Service Department toll-free at 1.800.672.7723, TTY: 711 or NVA's Interactive Voice Response (IVR). Customer Service is available 24 hours a day, 7 days a week, 365 days a year. Any question any time.

If you are not a registered subscriber, you can still search our providers online by selecting the "Find a Provider" link on our home page. Enter group number 8644000101 or the group number on the identification card and enter in your search parameters. It's that easy!

FLEXIBLE SPENDING ACCOUNTS (FSA)

As you know, health care and day care expenses can really add up. Flexible Spending Accounts give you a way to pay for these expenses with tax-free dollars. Because you bypass taxes, you save money.

There are two types of flexible spending accounts:

- **Health Care Flexible Spending Account** - allows up to \$3,400 for an annual election and active employees may roll over up to \$680 to the next plan year.
- **Dependent Care Flexible Spending Account** – allows up to \$7,500 for an annual election per household (\$3,750 is the limit for married individuals filing separately). No rollover into the next plan year, all funds must be spent or forfeited.

You may choose to participate in one or both options, depending on your individual needs.

Flexible Spending Accounts allow you to save money because your contributions to the accounts are deducted from your pay before Federal and Social Security taxes are calculated. The amount of savings you will enjoy by participating in a Flexible Spending Account will depend on your individual tax bracket and the amount of money that is withheld from your paycheck on a tax-free basis.

- **The Health Care Flexible Spending Account** is designed to help you pay for health expenses that are not covered by your basic health plans, including deductible amounts for copays or co-insurance amounts required by your insurance plans. Eligible expenses also include many expenses that may not be covered by your vision or dental plan.
- **The Dependent Care Flexible Spending Account** allows you to pay for eligible dependent day care expenses with pre-tax dollars. To decide whether a Dependent Care Flexible Spending Account is right for you, determine if you will incur eligible expenses. Generally, child and elder care companion services are eligible expenses, as are Social Security and other taxes you pay a caregiver. Please remember there is a maximum annual election of \$3,750 limit for married individuals filing separately. No claims will be paid until payroll deductions have been received. No rollover is allowed. Benefits must be used, or they are forfeited.

***Employees of Henry Ford College** have Flexible Spending Accounts available to them outside of this enrollment. HFC FSAs begin on January 1st, and all other benefits are effective July 1, 2026.

LIFE INSURANCE

Watch our video
How life insurance protects families and covers critical costs.*

Life insurance

If something happens to you, life insurance can help provide your family with financial security.

Life insurance helps protect your family's finances by providing a death benefit if you pass away.** This helps ensure that they'll be financially supported, and can cover important things from bills to funeral costs. With life policies, you can get cost-effective life insurance protection for a set period of time.

Who is it for?

Everyone's life insurance needs are different, depending on their family situation. That's why group life insurance through an employer can be a more cost-effective option than individual life insurance.

What does it cover?

Life insurance protects your loved ones by providing a benefit (which is usually tax-exempt) if you pass away.

Why should I consider it?

Life insurance is about more than just covering expenses. Depending on your circumstances, it could take your family years to recover from the loss of your income.

With a life insurance benefit, your family will have extra money to cover mortgage and rent payments, legal or medical fees, childcare, tuition, and any outstanding debts.

You will receive these benefits if you meet the conditions listed in the policy. Guardian, its subsidiaries, agents, and employees do not provide tax, legal, or accounting advice. Consult your tax, legal, or accounting professional regarding your individual situation. *Guardian will never ask you to provide sensitive personal information, including SSN/DOB, nor login via QR. **As long as premiums are paid.

Preparing and planning

Jorge's never considered purchasing life insurance, but after being offered it through work, he decides it's a good way to protect his family.

Jorge has a mortgage. His wife helps take care of her mother and only works part-time. With his daughter about to start college, he knows that many expenses would go unmet if his family lost him.

Jorge purchases enough life insurance coverage to help cover the mortgage, tuition, and family living costs if something happens to him.

These benefits are available to you on an optional basis. They are not employer paid and do not affect any of the employer paid benefits or our collective bargaining agreement.

SHORT TERM DISABILITY

Watch our video
How short term disability insurance
can supplement your income.

Short term disability insurance

Disability insurance covers a part of your income, so you can pay your bills if you're injured or sick and can't work.

Disability is more common than you might realize, and people can be unable to work for all sorts of different reasons. In fact, many disabilities are caused by illness, including common conditions like heart disease and arthritis. However, most disabilities aren't covered by workers' compensation.

Who is it for?

If you rely on your income to pay for everyday expenses, then you should probably consider disability insurance. It ensures that you'll receive a partial income if you're injured or too sick to work.

What does it cover?

Most disability insurance plans pay out a portion or percentage of your income if you're diagnosed with a serious illness or experience an injury that prevents you from doing your job.

Why should I consider it?

Accidents happen, and you can't always anticipate if or when you'll become sick or injured. That's why it's important to have a disability policy that helps you pay your bills in the event of being unable to collect your normal paycheck.

Replacing Income

Mike injures his back bicycling and can't work or earn a paycheck for a few months.

After a brief waiting period, his disability plan starts paying him a portion of his normal weekly salary. The Guardian policy also provides personal guidance and support, including vocational rehabilitation and outplacement services, to help him get back to his job and full pay 13 weeks later.

Thanks to Mike's disability benefits, he was able to cover his expenses while he was out - without dipping into his family's savings.

These benefits are available to you on an optional basis. They are not employer paid and do not affect any of the employer paid benefits or our collective bargaining agreement.

CRITICAL ILLNESS INSURANCE

Watch our video
How critical illness insurance
helps cover the costs of treatment.*

Critical illness insurance

Critical illness insurance may help you cover expenses not covered by your health insurance.

Critical illness Insurance provides financial support following the diagnosis of a covered critical illness. The lump sum benefit is paid to you, so you can focus more on recovery, less on expenses.

Who is it for?

Critical illness insurance is a supplemental policy for people who already have health insurance. It provides you with an additional lump sum benefits to cover expenses like deductibles, treatments, and living costs.

What does it cover?

Critical illnesses include strokes, heart attacks, Parkinson's disease and cancer. Our policies can cover over 30 major illnesses, helping you stay financially stable by paying you a lump sum if you're diagnosed with one of them.

Why should I consider it?

Health coverage is becoming more expensive, with higher co-pays, premiums, and deductibles. Critical illness insurance is a cost-effective way to supplement and pay for additional expenses that your health insurance doesn't cover. Our policies typically provide lump sum benefits for the first and second time you're diagnosed with a covered illness.

Plus, critical illness insurance is portable and payments are made directly to you.

You will receive these benefits if you meet the conditions listed in the policy. *Guardian will never ask you to provide sensitive personal information, including SSN/DOB, nor login via QR codes.

Critical costs

Bob has had a couple of health scares over the years including a heart attack and stroke.

Bob suffered a heart attack and received a lump sum benefit payment from his critical illness plan. Four years later, he had a stroke and got another payment.

During both illnesses, he used his lump sum benefits to help pay for out-of-pocket medical costs, as well as household expenses while he recovered.

These benefits are available to you on an optional basis. They are not employer paid and do not affect any of the employer paid benefits or our collective bargaining agreement.

EXCLUSIONS AND LIMITATIONS

A SUMMARY OF PLAN LIMITATIONS AND EXCLUSIONS FOR CRITICAL ILLNESS:

We will not pay benefits for the First Occurrence of a Critical Illness if it occurs less than 3 months after the First Occurrence of a related Critical Illness for which this Plan paid benefits. By related we mean either: (a) both Critical Illnesses are contained within the Cancer Related Conditions category; or (b) both Critical Illnesses are contained within the Vascular Conditions category. We will not pay benefits for a Second occurrence (recurrence) of a Critical Illness unless the Covered Person has not exhibited symptoms or received care or treatment for that Critical Illness for at least 12 months in a row prior to the recurrence. For purposes of this exclusion, care or treatment does not include: (1) preventive medications in the absence of disease; and (2) routine scheduled follow-up visits to a Doctor.

We do not pay benefits for claims relating to a covered person: taking part in any war or act of war (including service in the armed forces) committing a felony or taking part in any riot or other civil disorder or intentionally injuring themselves or attempting suicide while sane or insane.

Employees must be legally working in the United States in order to be eligible for coverage. Underwriting must approve coverage for employees on temporary assignment: (a) exceeding 1 year; or (b) in an area under travel warning by the US Department of State, subject to state specific variations.

If the plan is new (not transferred): During the exclusion period, this Critical Illness plan does not pay charges relating to a pre-existing condition. If this plan is transferred from another insurance carrier, the time an insured is covered

under that plan will count toward satisfying Guardian's pre-existing condition limitation period. A pre-existing condition includes any condition for which an employee, in a specified time period prior to coverage in this plan, consults with a physician, receives treatment, or takes prescribed drugs. Please refer to the plan documents for specific time periods. State variations may apply.

Guardian's Critical Illness plan does not provide comprehensive medical coverage. It is a basic or limited benefit and is not intended to cover all medical expenses. It does not provide "basic hospital," "basic medical," or "medical" insurance as defined by the New York State Insurance Department.

Health questions are required on 1) late enrollees and 2) enrollees over age 69 (not applicable in FL). This coverage will not be effective until approved by a Guardian underwriter.

This policy will not pay for a diagnosis of a listed critical illness that is made before the insured's Critical Illness effective date with Guardian.

The policy has exclusions and limitations that may impact the eligibility for or entitlement to benefits under each covered condition. See your certificate booklet for a full listing of exclusions & limitations.

ACCIDENT INSURANCE

Watch our video
How accident insurance
can get you back on your feet.*

Accident insurance

Accidents happen. With accident insurance, you can help them hurt a bit less.

Accident insurance is an extra layer of protection that gives you a lump sum benefit payment to help cover out-of-pocket expenses.

Who is it for?

Nobody can predict when an accident might happen. That's why accident insurance is a great add-on policy for people who want to supplement the health and disability insurance coverage they already have individually or through an employer.

What does it cover?

Accident Insurance pays you lump sum of benefits after you suffer an accident. This could be more than 40 different circumstances, including: emergency treatment, ambulance, burns, dislocations, fractures, hospital confinement, and surgery.

Why should I consider it?

Health coverage is becoming more expensive, with higher co-pays, premiums, and deductibles. Accident insurance is a simple, cost-effective way to supplement and cover additional expenses your health and disability insurance may not cover, including x-rays, ambulance services, deductibles, and even things like rent or groceries.

Plus, accident insurance is portable and payments are made directly to you.

You will receive these benefits if you meet the conditions listed in the policy. *Guardian will never ask you to provide sensitive personal information, including SSN/DOB, nor login via QR codes.

Support during recovery

Sue hurts her knee while hiking and needs emergency treatment.

Sue fell while hiking in a local park and tore the cartilage in her knee. She went to the hospital emergency room for treatment.

Her accident insurance paid her a lump sum benefit that helped offset her injury-related expenses for an MRI, knee brace, and follow-up visits to her doctor.

These benefits are available to you on an optional basis. They are not employer paid and do not affect any of the employer paid benefits or our collective bargaining agreement.

HOSPITAL INDEMNITY INSURANCE

Watch our video
How hospital indemnity insurance
can give you a comfortable stay.*

Hospital indemnity insurance

Hospital indemnity insurance can cover some of the cost associated with a hospital stay, letting you focus on recovery.

Being hospitalized for illness or injury can happen to anyone, at any time. While medical insurance may cover hospital bills, it may not cover all the costs associated with a hospital stay. That's where hospital indemnity coverage can help.

Who is it for?

Hospital indemnity insurance is for people who need help covering the costs associated with a hospital stay if they suddenly become sick or injured.

What does it cover?

Medical insurance insures medical expenses while hospitalized, but other costs can add up like extra childcare, transportation, help around the house, and pet care. Hospital Indemnity coverage pays lump sum benefits based on admission and days hospitalized that can be used to help any costs.

Why should I consider it?

Health coverage is becoming more expensive, with higher co-pays, premiums, and deductibles. Hospital indemnity insurance can help pay for out-of-pocket costs associated with being hospitalized, giving you more financial confidence for unplanned expenses brought on by a hospital stay.

Plus, hospital indemnity insurance is portable and payments are made directly to you.

You will receive these benefits if you meet the conditions listed in the policy. *Guardian will never ask you to provide sensitive personal information, including SSN/DOB, nor login via QR codes.

Be prepared

Kevin became ill and was admitted to the hospital. He had emergency surgery and was there for two days while recovering.

His hospital indemnity insurance paid him a lump sum benefit which provided financial support during his hospital stay.

These benefits are available to you on an optional basis. They are not employer paid and do not affect any of the employer paid benefits or our collective bargaining agreement.

PATIENT PROTECTIONS DISCLOSURE

You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. Until you make this designation, Health Alliance Plan (HAP) designates one for you. For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from Health Alliance Plan (HAP) or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. If you would like more information on WHCRA benefits, please call your Plan Administrator at 616.550.5161 or kim@dsehp.com.

NEWBORNS' AND MOTHERS' HEALTH PROTECTION ACT

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

PREMIUM ASSISTANCE UNDER MEDICAID AND THE CHILDREN'S HEALTH INSURANCE PROGRAM (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

DSEHP (Dearborn Schools Employee Healthcare Program) is committed to the privacy of your health information. The administrators of the DSEHP (Dearborn Schools Employee Healthcare Program) Health Plan (the "Plan") use strict privacy standards to protect your health information from unauthorized use or disclosure.

HIPAA SPECIAL ENROLLMENT RIGHTS

DSEHP (Dearborn Schools Employee Healthcare Program) Health Plan Notice of Your HIPAA Special Enrollment Rights

Our records show that you are eligible to participate in the DSEHP (Dearborn Schools Employee Healthcare Program) Health Plan (to actually participate, you must complete an enrollment form and pay part of the premium through payroll deduction).

A federal law called HIPAA requires that we notify you about an important provision in the plan - your right to enroll in the plan under its "special enrollment provision" if you acquire a new dependent, or if you decline coverage under this plan for yourself or an eligible dependent while other coverage is in effect and later lose that other coverage for certain qualifying reasons.

Loss of Other Coverage (Excluding Medicaid or a State Children's Health Insurance Program). If you decline enrollment for yourself or for an eligible dependent (including your spouse) while other health insurance or group health plan coverage is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 30 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

Loss of Coverage for Medicaid or a State Children's Health Insurance Program. If you decline enrollment for yourself or for an eligible dependent (including your spouse) while Medicaid coverage or coverage under a state children's health insurance program is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage. However, you must request enrollment within 60 days after your or your dependents' coverage ends under Medicaid or a state children's health insurance program.

New Dependent by Marriage, Birth, Adoption, or Placement for Adoption. If you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your new dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.

HIPAA

Eligibility for Premium Assistance Under Medicaid or a State Children’s Health Insurance Program – If you or your dependents (including your spouse) become eligible for a state premium assistance subsidy from Medicaid or through a state children’s health insurance program with respect to coverage under this plan, you may be able to enroll yourself and your dependents in this plan. However, you must request enrollment within 60 days after your or your dependents’ determination of eligibility for such assistance.

To request special enrollment or to obtain more information about the plan’s special enrollment provisions, contact Kim Nicholson - DSEHP-VEBA Plan Administrator at 616.550.5161 or kim@dsehp.com.

Important Warning

If you decline enrollment for yourself or for an eligible dependent, you must complete our form to decline coverage. On the form, you are required to state that coverage under another group health plan or other health insurance coverage (including Medicaid or a state children’s health insurance program) is the reason for declining enrollment, and you are asked to identify that coverage. If you do not complete the form, you and your dependents will not be entitled to special enrollment rights upon a loss of other coverage as described above, but you will still have special enrollment rights when you have a new dependent by marriage, birth, adoption, or placement for adoption, or by virtue of gaining eligibility for a state premium assistance subsidy from Medicaid or through a state children’s health insurance program with respect to coverage under this plan, as described above. If you do not gain special enrollment rights upon a loss of other coverage, you cannot enroll yourself or your dependents in the plan at any time other than the plan’s annual open enrollment period, unless special enrollment rights apply because of a new dependent by marriage, birth, adoption, or placement for adoption, or by virtue of gaining eligibility for a state premium assistance subsidy from Medicaid or through a state children’s health insurance program with respect to coverage under this plan.

NOTICE OF CREDITABLE COVERAGE

Important Notice from DSEHP (Dearborn Schools Employee Healthcare Program)

About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with DSEHP (Dearborn Schools Employee Healthcare Program) and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

- 1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.**
- 2. DSEHP (Dearborn Schools Employee Healthcare Program) has determined that the prescription drug coverage offered by the medical plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.**

When Can You Join a Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

Remember: Keep this Creditable Coverage Notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

NOTICE OF CREDITABLE COVERAGE

What Happens to Your Current Coverage if You Decide to Join a Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current coverage will not be affected.

Summary of Options for Medicare Eligible Employees (and/or Dependents):

- Continue medical and prescription drug coverage and do not elect Medicare D coverage. **Impact** – your claims continue to be paid by DSEHP (Dearborn Schools Employee Healthcare Program) health plan.
- Continue medical and prescription drug coverage and elect Medicare D coverage. **Impact** – As an active employee (or dependent of an active employee) the DSEHP (Dearborn Schools Employee Healthcare Program) health plan continues to pay primary on your claims (pays before Medicare D).
- Drop the coverage and elect Medicare Part D coverage. **Impact** – Medicare is your primary coverage. You will not be able to rejoin the DSEHP (Dearborn Schools Employee Healthcare Program) health plan unless you experience a family circumstance change or until the next open enrollment period.

If you do decide to join a Medicare drug plan and drop your current coverage, be aware that you and your dependents will not be able to get this coverage back unless you experience a family status change or until the next open enrollment period

When Will You Pay a Higher Premium (Penalty) to Join a Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with DSEHP (Dearborn Schools Employee Healthcare Program) and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice or Your Current Prescription Drug Coverage...

Contact the person listed below for further information. **NOTE:** You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through DSEHP (Dearborn Schools Employee Healthcare Program) changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage...

Remember: Keep this Creditable Coverage Notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

COBRA GENERAL NOTICE

Model General Notice of COBRA Continuation Coverage Rights (For use by single-employer group health plans)

** Continuation Coverage Rights Under COBRA**

Introduction

You're getting this notice because you recently gained coverage under a group health plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it.** When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

What is COBRA continuation coverage?

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you're an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

COBRA GENERAL NOTICE

If you're the spouse of an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

When is COBRA continuation coverage available?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the employee;
- The employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 30 days after the qualifying event occurs. You must provide this notice to: Kim Nicholson.

How is COBRA continuation coverage provided?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

COBRA GENERAL NOTICE

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

Disability extension of 18-month period of COBRA continuation coverage

If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage.

Second qualifying event extension of 18-month period of continuation coverage

If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

Are there other coverage options besides COBRA Continuation Coverage?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicare, Medicaid, [Children's Health Insurance Program \(CHIP\)](#), or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov/.

Can I enroll in Medicare instead of COBRA continuation coverage after my group health plan coverage ends?

In general, if you don't enroll in Medicare Part A or B when you are first eligible because you are still employed, after the Medicare initial enrollment period, you have an 8-month special enrollment period¹ to sign up for Medicare Part A or B, beginning on the earlier of

- The month after your employment ends; or
- The month after group health plan coverage based on current employment ends.

¹ <https://www.medicare.gov/basics/get-started-with-medicare/sign-up/when-does-medicare-coverage-start>

COBRA GENERAL NOTICE

If you don't enroll in Medicare and elect COBRA continuation coverage instead, you may have to pay a Part B late enrollment penalty and you may have a gap in coverage if you decide you want Part B later. If you elect COBRA continuation coverage and later enroll in Medicare Part A or B before the COBRA continuation coverage ends, the Plan may terminate your continuation coverage. However, if Medicare Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of Medicare entitlement, even if you enroll in the other part of Medicare after the date of the election of COBRA coverage.

If you are enrolled in both COBRA continuation coverage and Medicare, Medicare will generally pay first (primary payer) and COBRA continuation coverage will pay second. Certain plans may pay as if secondary to Medicare, even if you are not enrolled in Medicare.

MARKETPLACE NOTICE

Health Insurance Marketplace Coverage Options and Your Health Coverage

PART A: General Information

Even if you are offered health coverage through your employment, you may have other coverage options through the Health Insurance Marketplace ("Marketplace"). To assist you as you evaluate options for you and your family, this notice provides some basic information about the Health Insurance Marketplace and health coverage offered through your employment.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options in your geographic area.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium and other out-of-pocket costs, but only if your employer does not offer coverage, or offers coverage that is not considered affordable for you and doesn't meet certain minimum value standards (discussed below). The savings that you're eligible for depends on your household income. You may also be eligible for a tax credit that lowers your costs.

Does Employment-Based Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that is considered affordable for you and meets certain minimum value standards, you will not be eligible for a tax credit, or advance payment of the tax credit, for your Marketplace coverage and may wish to enroll in your employment-based health plan. However, you may be eligible for a tax credit, and advance payments of the credit that lowers your monthly premium, or a reduction in certain cost-sharing, if your employer does not offer coverage to you at all or does not offer coverage that is considered affordable for you or meet minimum value standards. If your share of the premium cost of all plans offered to you through your employment is more than 9.96% of your annual household income, or if the coverage through your employment does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit, and advance payment of the credit, if you do not enroll in the employment-based health coverage. For family members of the employee, coverage is considered affordable if the employee's cost of premiums for the lowest-cost plan that would cover all family members does not exceed 9.96% of the employee's household income. ²

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered through your employment, then you may lose access to whatever the employer contributes to the employment-based coverage. Also, this employer contribution -as well as your employee contribution to employment-based coverage- is generally excluded from income for federal and state income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis. In addition, note that if the health coverage offered through your employment does not meet the affordability or minimum value standards, but you accept that coverage anyway, you will not be eligible for a tax credit. You should consider all of these factors in determining whether to purchase a health plan through the Marketplace.

² An employer-sponsored or other employment-based health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs. For purposes of eligibility for the premium tax credit, to meet the "minimum value standard," the health plan must also provide substantial coverage of both inpatient hospital services and physician services.

MARKETPLACE NOTICE

When Can I Enroll in Health Insurance Coverage through the Marketplace?

You can enroll in a Marketplace health insurance plan during the annual Marketplace Open Enrollment Period. Open Enrollment varies by state but generally starts November 1 and continues through at least December 15.

Outside the annual Open Enrollment Period, you can sign up for health insurance if you qualify for a Special Enrollment Period. In general, you qualify for a Special Enrollment Period if you've had certain qualifying life events, such as getting married, having a baby, adopting a child, or losing eligibility for other health coverage. Depending on your Special Enrollment Period type, you may have 60 days before or 60 days following the qualifying life event to enroll in a Marketplace plan.

There is also a Marketplace Special Enrollment Period for individuals and their families who lose eligibility for Medicaid or Children's Health Insurance Program (CHIP) coverage on or after March 31, 2023, through July 31, 2024. Since the onset of the nationwide COVID-19 public health emergency, state Medicaid and CHIP agencies generally have not terminated the enrollment of any Medicaid or CHIP beneficiary who was enrolled on or after March 18, 2020, through March 31, 2023. As state Medicaid and CHIP agencies resume regular eligibility and enrollment practices, many individuals may no longer be eligible for Medicaid or CHIP coverage starting as early as March 31, 2023. The U.S. Department of Health and Human Services is offering a temporary Marketplace Special Enrollment period to allow these individuals to enroll in Marketplace coverage.

Marketplace-eligible individuals who live in states served by [HealthCare.gov](https://www.healthcare.gov) and either- submit a new application or update an existing application on [HealthCare.gov](https://www.healthcare.gov) between March 31, 2023 and July 31, 2024, and attest to a termination date of Medicaid or CHIP coverage within the same time period, are eligible for a 60-day Special Enrollment Period. **That means that if you lose Medicaid or CHIP coverage between March 31, 2023, and July 31, 2024, you may be able to enroll in Marketplace coverage within 60 days of when you lost Medicaid or CHIP coverage.** In addition, if you or your family members are enrolled in Medicaid or CHIP coverage, it is important to make sure that your contact information is up to date to make sure you get any information about changes to your eligibility. To learn more, visit [HealthCare.gov](https://www.healthcare.gov) or call the Marketplace Call Center at 1-800-318-2596. TTY users can call 1-855-889-4325.

What about Alternatives to Marketplace Health Insurance Coverage?

If you or your family are eligible for coverage in an employment-based health plan (such as an employer-sponsored health plan), you or your family may also be eligible for a Special Enrollment Period to enroll in that health plan in certain circumstances, including if you or your dependents were enrolled in Medicaid or CHIP coverage and lost that coverage. Generally, you have 60 days after the loss of Medicaid or CHIP coverage to enroll in an employment-based health plan, but if you and your family lost eligibility for Medicaid or CHIP coverage between March 31, 2023 and July 10, 2023, you can request this special enrollment in the employment-based health plan through September 8, 2023. Confirm the deadline with your employer or your employment-based health plan.

Alternatively, you can enroll in Medicaid or CHIP coverage at any time by filling out an application through the Marketplace or applying directly through your state Medicaid agency. Visit <https://www.healthcare.gov/medicaid-chip/getting-medicaid-chip/> for more details.

Disclaimer

The amount the plan pays for covered services provided by non-network providers is based on a maximum allowable amount for the specific service rendered. Although your plan stipulates an out-of-pocket maximum for out-of-network services, please note the maximum allowed amount for an eligible procedure may not be equal to the amount charged by your out-of-network provider. Your out-of-network provider may bill you for the difference between the amount charged and the maximum allowed amount. This is called balance billing and the amount billed to you can be substantial. The out-of-pocket maximum outlined in your policy will not include amounts in excess of the allowable charge and other non-covered expenses as defined by your plan. The maximum reimbursable amount for non-network providers can be based on a number of schedules such as a percentage of reasonable and customary or a percentage of Medicare. The plan document or carrier's master policy is the controlling document, and this Benefit Highlight does not include all of the terms, coverage, exclusions, limitations, and conditions of the actual plan language. Contact your claims payer or insurer for more information.

This document is an outline of the coverage proposed by the carrier(s), based on information provided by your company. It does not include all of the terms, coverage, exclusions, limitations, and conditions of the actual contract language. The policies and contracts themselves must be read for those details. Policy forms for your reference will be made available upon request.

The intent of this document is to provide you with general information regarding the status of, and/or potential concerns related to, your current employee benefits environment. It does not necessarily fully address all of your specific issues. It should not be construed as, nor is it intended to provide, legal advice. Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$150 individual / \$300 family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible ?	Yes. Chiropractic, Emergency Services, Office Visits, Pharmacy, Preventive Services , Urgent Care	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan ?	Out-of-Pocket Limit: \$6,600 individual/\$13,200 family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.

APPENDIX - SBC

Important Questions	Answers	Why This Matters:
What is not included in the out-of-pocket limit ?	Premiums, balance-billing charges, and health care this plan doesn't cover. All other cost share accumulates unless otherwise specified in Plan Documents.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.hap.org or call 1-800-422-4641 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plans network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	Yes.	Written referrals are not required for specialist visits within the member's assigned network for selected services. Referrals or oral approvals are required in other instances. Further information on the referral process can be found at www.hap.org .

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
